SIMON FRASER UNIVERSITY

Sessional Instructor Position – Fall 2015 – REM 445

Applications are invited for one sessional instructor position during the Fall 2015 Semester for REM 445.

Course description: The objective of this course is to provide students with theory and practical experience in the area of **applied environmental toxicology**. The course will cover (i) theoretical principles of environmental distribution and toxicity of pollutants, (ii) practical techniques for the assessment of the environmental behaviour, toxicity and ecological & human health risks of contaminants in the environment, and (iii) a critique of current environmental management practices in Canada. Students apply these techniques in a class project. The course material is essential for those expecting to be involved in pollution-related issues.

Campus: SFU Burnaby

Lecture: Thursday, 10:30 am – 12:20 pm

Tutorials: Thursday, 1:30 pm – 2:20 pm and/or 2:30pm – 3:20 pm
and/or 3:30 pm – 4:20 pm

Qualifications:

- a Ph.D. in environmental toxicology and chemistry or a closely related area
- experience in risk assessment of environmental contaminants
- experience in environmental fate and bioaccumulation modeling
- teaching experience at the undergraduate level

Deadline to apply: June 30, 2015

Qualified applicants should send a cover letter summarizing the interest in and experience relevant to the position, with a full CV to Elissa Cyr at enphilli@sfu.ca.

All qualified candidates are encouraged to apply. However, Canadians and permanent residents will be given priority. Simon Fraser University is committed to employment equity and encourages applications from all qualified women and men, including visible minorities, aboriginal people, and persons with disabilities. Offers are subject to enrollment and budgetary approval.
